green X-free™

Sempermed® green X-free™ is a nitrile examination glove designed with both skin friendliness and environmental responsibility in mind. Crafted with advanced nitrile latex formulation it represents a significant step in our journey to offer the best solution to protect the skin of those who care for others, while continuously improving through LCA-driven optimization.

Accelerator-free formulation

Manufactured without the addition of rubber accelerators, or sulfur, helping reduce the risk of skin irritation and allergic reactions. Suitable for users with sensitive skin and type IV hypersensitivity.

Reliable barrier protection

Tested to an AQL of 1.0 for pinholes, delivering dependable protection without compromising comfort.

Comfortable grip and dexterity

Textured fingertips provide a secure grip while maintaining excellent tactile sensitivity for precise handling.

Optimized donning process

Silicone-free inner surface treatment enables quick and easy donning and supports efficient glove changes in fast-paced environments.

Technical data

TYPE	Non-sterile nitrile examination and disposable protective glove	
GRADE	Medical	
COLOR	Green	
MATERIAL	Nitrile Butadiene Rubber (NBR) not made with natural rubber latex	
GLOVE SURFACE	Textured	
COUNTRY OF ORIGIN	Malaysia	
SHELF LIFE	5 years in original packaging if stored according to product specification	
SIZE	Length: 240mm (min) Width: 95mm +/- 5mm (based on size M)	
WALL THICKNESS	Finger 3.7mils Palm 2.4mils	based on average production value measured in single layer
TENSILE STRENGTH (before aging)	31MPa (avg.)	
ELONGATION (before aging)	567% (avg.)	
BARRIER PERFORMANCE	AQL < 1.0 (pinholes)	
SOCIAL COMPLIANCE	amfori BSCI, RGA, WRAP, EcoVadis	
TESTING & CONFORMITY TO STANDARDS	ASTM D6319, EN 455, EN ISO 21420, EN ISO 374-1, EN ISO 374-5, ASTM D6978	

Environmental impact evaluated via Life Cycle Assessment

Our sempermed® green X-free™ gloves have been evaluated through a Life Cycle Assessment (LCA) following ISO 14040 and 14044 standards, determining its environmental impact across the entire production process. Our ongoing monitoring and optimization efforts help us to minimize our overall environmental footprint.

Packaging

DIMENSIONS

Dispenser: 245L x 125W x 74H mm
Carton: 380L x 258W x 255H mm
