latex force

The semperguard® latex force is a versatile natural latex examination glove designed for demanding tasks in medical, laboratory, and industrial environments. A textured outer surface ensures a reliable grip, while the smooth polymer inner coating enables easy donning and high wearing comfort throughout the day. The elastic latex material adapts naturally to the hand, providing a secure fit and dependable performance in applications requiring both precision and robustness.

Increased durability for demanding tasks

Additional wall thickness provides enhanced sense of safety and supports extended use.

Strong yet flexible latex material

High tear resistance combined with elasticity for a secure and adaptive fit.

Easy donning and wearing comfort

Polymer inner coating enables smooth donning and comfortable feel.

Dual-labelled for medical and protective use

Suitable for applications requiring both medical device and PPE compliance.
