skySense

sempermed® skySense offers a lightweight, comfortable and resilient solution for various applications.

The lightweight nitrile examination and protective gloves are available in three colors: blue, violet blue and white. The gloves are not only strong, but also designed to support unrestricted movement and ease of use. They deliver functionality and comfort at great value.

- **Your daily choice:** suitable for a wide variety of medical applications where protection is essential.
- **Tested for protection against chemotherapy drugs.****
- **Protects users and patients from the transmission of infections.** Designed to provide a reliable barrier against contaminants, bacteria, and viruses, reducing the risk of cross-contamination in clinical settings.
