more product information

skySense black

Semperguard® skysense black examination and protective gloves are a lightweight and reliable solution for hygiene-sensitive tasks requiring precision and control. The thin construction supports good tactile sensitivity and wearing comfort, while the finger-textured surface enhances grip in wet and dry conditions.
The black color provides a professional appearance and helps conceal stains, making the glove particularly suitable for food handling, catering, cleaning, and beauty or body-art applications. The classification as medical device supports use in hygiene-critical environments where barrier protection is required.

- **Black color for professional use**
  Provides a clean, professional appearance while helping to conceal stains
- **Finger-textured for improved grip**
  Enhances control in wet and dry conditions for precise handling.
- **Barrier protection for hygienic applications**
  Glove material is resistant to blood and other body fluids and has been tested against bacteria, fungi and viruses, supporting hygienic procedures.
- **Comfortable and flexible**
  Thin construction supports tactile sensitivity and wearing comfort during extended use.
