more product information

velvet XP

sempermed® velvet XP is a powder-free nitrile examination glove designed for everyday use across a wide range of applications. It combines a soft and flexible material with reliable barrier protection and tactile control, supporting comfortable wear that fits like a second skin during routine procedures. Compared to the standard velvet version, it offers slightly increased material strength for users who prefer an added level of protection in daily practice.

- **Soft and flexible material**
  For a comfortable fit and tactile control.
- **Xtra Protection (XP)**
  Slightly increased material strength for users preferring an added level of protection.
- **Textured fingertips**
  For reliable grip, even in damp conditions.
- **Protects users and patients from the transmission of infections**
  Glove material is resistant to blood and other body fluids, and protects against bacteria, fungi and viruses including SARS-CoV-2, Hepatitis B & C and HIV.

Technical data

Type	non-sterile, powder-free examination glove for single use	
Color	violet blue	
Size / Overall length as per EN 455-2	XS, S, M, L, XL / median ≥ 240 mm
